

Solar meter exchange information process **with Intellihub**

What is needed from you to
initiate a meter exchange?

1

Confirm that you are the preferred installer
& that a meter exchange is required.

2

Reach out to us, & we will introduce you to
Intellihub.

3

Intellihub will provide access to a portal
where you complete the Allume & Intellihub
forms for each site

4

With this information, Allume & Intellihub
will initiate the meter exchange process.

5

Once the exchange process is completed,
the system can be turned on!
